# Get into the Game

**Get into the Game** aims to disrupt the normalisation of gambling in sport, in particular by increasing community education and limiting exposure of young people to gambling promotion. The program works at all sporting levels, from community to elite, to prevent and reduce gambling harm.

## Club commitment

By joining **Get into the Game**, we recognise the role our club plays in encouraging balanced lifestyles, alternatives to gambling and how that enhances communities.

We acknowledge our role in raising awareness of the risks associated with gambling and will actively work to disrupt the normalisation of gambling in sport through our commitment to this Charter and through our actions.
